

Breathe. 😊

Good evening! This is Bobbi Palmer, and Welcome to: “5 Easy Ways to Have Fun Meeting Men...and Meet The One?” It's a warm evening here in Long Beach, California. My husband Larry is here tonight to fight off any technology demons...and my assistant Nancy is also here to help me support you and answer some of your questions.

I am SO happy that you joined me tonight!

If you're over 40...and you're single and DON'T want to be, you are in the right place.

If you're READY for a real and meaningful connection with a man who makes you feel *understood* and *special* and *beautiful*...AND ALSO happens to be someone you can COUNT ON...you know...a GROWNUP man?... then you're definitely in the right place!

And...If You're ready to change your “T-O-O's” (you know...I'm too smart, too independent, too old, too late...) into the “T-W-O” of your dreams – a Grownup love story between you and your guy – then settle in... because this is for you.

Again, if you just joined us, My name is Bobbi Palmer, and I'm THE dating and relationship coach for women over 40. I help smart, accomplished, loving women who are in the prime of their lives (like you), take control of your love life the same way you do in the rest of your life.

I'm the Founder and CEO of Date Like a Grownup and Creator of The Six Step Find Hope and Find Him System.

What I'm going to share with you tonight is a small part of what I teach in Step 4 of my Six Step System. I call that step Casting the Net: Where is He and How Do I Meet him? It's what every single woman wants to know, right?

Here's what you're going to get from me tonight:

- Have fresh, **FUN** ideas for where you can meet grownup, available men.
- Finally see the **ABUNDANCE OF MEN** around you, and know exactly how to pick the ones with great potential.
- Know the easy, classy way to strike up a meaningful conversation with any man you choose. (Yes, you can **BE THE PICKER**...I'm showing you how!)
- The one short sentence that will lead you to **GOOD DATES WITH GOOD MEN...and eventually The One!**

And you'll want to stick around until the end. At the end of the call I'm going to be answering some questions – so if you have questions that have to do with meeting men and getting dates, enter them during the webinar. I'll answer as many as I can. Also, if you want to go further and join me, stay here until the end. I'm going to tell you about my juicy program that gives you A-Z coaching – all you need to meet WAYYY more men – I'm talking about quality grownup men -- AND show you how to date in a way that leads you directly to love – instead of frustration and disappointment. I'd love to tell you how I

can support you and help you move from not dating or dating 'badly' to being totally in charge of your love life...and finally finding your One. Stick around for that.

- **What this IS / ISN'T**

ISN'T about

- **how to hunt single wherever you** opposite.

Tonight is about helping you rid yourself of the notion that talking to men is so different than women.

STORY: Yesterday I was in Macys trying to decide what scarf to buy and asked the woman next to me her opinion. Did she like the orange one or the blue one with tassels? We had a really nice conversation – for maybe 5 minutes. I learned that she had two kids in college and I told her that I was The founder of Date Like a Grownup...it was nice. You've done that, right? Probably relatively often.

So why can't you just do that with men? That's what this webinar is all about.

Yah, you were probably told decades ago that women don't approach men, blah blah blah. And maybe the thought of doing this makes you feel anxious...and vulnerable.

But after you learn what I'm going to teach you tonight, you will see that, not only is it easy to have great conversations with men everywhere and anywhere...it's fun, and liberating...AND it can lead to pretty good dates.

Look: If you want to love and be loved...if you want to be in a

relationship...it all starts with this: Being able to meet and make connections with a bunch of men. Yes...a BUNCH of men. That's the reality and I know you know that.

This is easier for some women than others. If you consider yourself shy or an introvert...making connections with men who are strangers will be a big stretch for you.

Even for me it was a challenge. You can probably tell that I'm the type that will talk to anyone . But when I was single, I talked to men all over the place, but never with a conscious thought that – oh, maybe I can get date with this guy.

- ALSO ISN'T ABOUT
- Using scripts or catch phrases

I'm not giving you some kitschy technique to snag men. **yes, I do give scripts on how to strike up conversations with men in my upcoming course, but tonight I'll give you some easy, general ways to approach new men...ways that you can tweak and make REAL and comfortable for you**

- Asking you to do anything against your better judgment
I want to stretch you! I want to move you outside your comfort zone because staying there won't get you what you want. I lived there for a long time, and I was unhappily single for a long time! But we're all different. I want you to try what I'm teaching, but if you are nervous, or still feel very uncomfortable, just consider what I'm sharing and, again, make it your own.

What it is IS

- about creating some new life NEW EXPERIENCES
 - Learning more about yourself and men
 - opening your eyes to opportunities (you may be missing)
 - Making human connections with MEN – just adding that to your every day life
 - Getting practice
 - Maybe...meeting The One
-

In the next 75 minutes, I'm going to give EVERYTHING I can about WHERE your potential Mr. Right might be hanging out, how to SPOT potential Mr Rights, AND how to get his attention and connect with him when you're in the same room.

My story...

You know...I've been learning, studying, and transforming other women's love lives for many years now, after I did it for myself in 2006 when I became a first time bride at age 47.

I'm going to **pour out a lot of** information to you now, but I can only give you **so much** in 75 or so minutes! For Some of you, the information I give tonight will be exactly what you need to get out

there and meet and attract some great guys.

For others, you may be ready to go DEEPER and learn more with me, so AGAIN I'll sure to let you know at the **end of this presentation** how you can do that.

OK – Let's talk about the 5 Easy Ways to Have Fun Meeting Men

The truth is that men are everywhere and anywhere – really good men – but it takes some work and some skill in order to meet them. I guarantee that you've missed tons of opportunities in the past because you just haven't said "hi" or haven't shown him you're interested. So tonight I'm going to tell you places to show up, but more importantly, I'm going to tell you exactly what to DO when you get there to attract and connect with those confident, attractive, high quality men you're looking to meet.

So first There are specific skills and tips I'm going to give you, but first lets talk about the VERY Basics of how you can meet men wherever you go:

1. Have a great life.
2. Know what you want and be the woman who attracts that man.
3. Set out to learn and have fun.
4. Have realistic expectations.

5. Be hopeful, but not necessarily for one event or one particular date.
6. Dress with confidence and femininity.
7. Know some conversation starters, but remember “hi” works great.
8. Plan to be open; don't be a fault finder.

Okay, Here is #1 of 5 Easy Ways to Have Fun Meeting Men -- Put yourself out there.

You know by now that he's not going to come knocking on your door, unless you are into pizza delivery boys. So get your butt out in the world. And I'm not just talking about going to a place for dinner with your girlfriends. I'm talking about places where you have the opportunity to talk to people.

And btw there is no one place single men are and some good coach has the key...they are out and about....everywhere just like women... You know the obligatory list, but here are a few you may not have heard of:

—**Go to the grocery store at 7 pm.** That's when the guys who have been working 12 hour days getting their potato and piece of meat so they can rush home and make a quick dinner. And you do want a hard working guy, right?

—The dog park (whether you have a dog or not!)

—The Car wash

—Meetup groups. They are all over the country and the beauty is you can go alone - in fact you should go alone. If you want to meet men, go to things like Poker Clubs (Jeanine- started with a poker Meetup....

—Google — Find local events: where the boys are, beer tasting, wine tasting, golf, sailing...only if it interests you...and if you don't know how to do it all the better.

—Singles Events: Match.com stir events. Gotta be a member. My clients have had good success. They group by age.

— This really isn't a place, but one of a few examples in your list that maybe you haven't thought of: Call a man who “got away” or that you have thought about seeing again. Elizabeth's Story.

— Here's a big one that we're talked about: Eat or drink alone at the counter. — next step Jeanine took

__ Take golf lessons

__Go to The driving range

__Whiskey/Bourbon/Tequila tastings

__Cigar Bars (if you don't mind that kind of thing)

You may not meet The One in these places, but it is great practice...and unless you're already consistently meeting single men and having conversations with them...you need to practice so when the great guys come your way you'll be able to make real connections!

Like I said, it's not enough just to have ideas about where single men may hang out. Let's face it: How many times have you been in a place where there are single men and you haven't talked to any of them?

If the thought of actually doing these things makes you nervous, I understand. Like with Jeanine, many of us need to do some work leading up to being able to feel the confidence to our yourself out there like this. *I'll tell you more about how you can build that confidence later.*

Now...one more thing before I give you detailed tips and tools to help you actually MEET them when you are in their presence.

Okay, Here is #2 – Recalibrate your radar

I'm going to start by **READING a passage from** Marry Him, Settling for Mr Good Enough by Lori Gottlieb:

The Husband Store A NEW STORE HAS OPENED. A HUBAND STORE! THERE'S A SIGN AT THE ENTRANCE: YOU MAY VISIT THE HUSBAND STORE ONLY ONCE. THERE ARE SIX FLOORS, AND THE VALUE OF THE PRODUCTS INCREASE ON EACH

SUCCESSIVE FLOOR. THE SHOPPER CAN CHOOSE ANY ITEM FROM A PARTICULAR FLOOR, OR GO UP TO SHOP ON THE NEXT FLOOR, BUT SHE CANNOT GO BACK DOWN EXCEPT TO EXIT THE BUILDING.

So, a woman goes into the store. On the first floor the sign on the door reads:

FLOOR 1— MEN WHO HAVE GOOD JOBS. “That’s nice,” she thinks, “but I want more.” So she continues upward, where the sign reads:

FLOOR 2— MEN WHO HAVE GOOD JOBS AND LOVE KIDS. She’s intrigued, but continues to the third floor, where the sign reads:

FLOOR 3— MEN WHO HAVE GOOD JOBS, LOVE KIDS, AND ARE EXTREMELY HANDSOME. “Wow,” she thinks, but feels compelled to keep going.

FLOOR 4— MEN WHO HAVE GOOD JOBS, LOVE KIDS, ARE EXTREMELY HANDSOME, AND HELP EQUALLY WITH THE HOUSEWORK. “It can’t get better than this!” she exclaims. But then a voice inside her asks, “Or can it?” She goes up and reads the sign.

FLOOR 5— MEN WHO HAVE GOOD JOBS, LOVE KIDS, ARE EXTREMELY HANDSOME, HELP EQUALLY WITH THE HOUSEWORK, AND HAVE A GREAT SENSE OF HUMOR. Having found what she’s looking for, she’s tempted to stay, but something propels her to the sixth floor, where the sign reads:

FLOOR 6— YOU ARE VISITOR 42,215,602 TO THIS FLOOR. THERE ARE NO MEN ON THIS FLOOR. THIS FLOOR ONLY EXISTS TO PROVE THAT WOMEN ARE IMPOSSIBLE TO PLEASE. THANK YOU FOR SHOPPING AT THE HUSBAND STORE.

PLEASE NOTE: To avoid gender bias charges, the store's owner opened a Wife Store right across the street. The first floor has wives who Love Sex. The second floor has wives who Love Sex and Are Kind. The third floor has wives who Love Sex, Are Kind, and Like Sports.

The fourth, fifth, and sixth floors have never been visited.

DEBRIEF

--

So are you looking for 9s and 10s? And what are you basing your choices on? Are you being picky or Discriminating? There is actually a big difference. *We explore this deeply in my coaching program, because for most of us this is pretty ingrained, but I will give you the basics now.*

So lets say You go to one of these events, go to a party or are just out and about...and you see men all around you and none of them

interest you at first glance right? I'm here to remind you that you are likely missing a lot of really good men by just judging on looks. Think of your girlfriend's husbands and how much you like them. Think of the men you know who you really like and you think having a guy like that would be great. I'll bet you would never even say hi if you saw these same guys at an singles event.

Be open to ANY man you have the opportunity to talk to! Start with the 6s or 7s! If you are walking around waiting to only talk to 9s and 10s, or just well-dressed men, or tall men or only men who will approach you, then good luck with that. It's not real life.

The real guys, the good guys, can be hiding behind a few inches shorter, a wrinkled shirt or a nose you think is too big. He could even be a little shy OR just too busy to notice you! So you have to do some of the work.

So talk to anyone with an Attraction score of 6+- don't just pay attention to the guys who look hot or who may look at you first. Often when a guy speaks he can become pretty cute. (and vice versa)

Be open to any man, anywhere or you can miss some BIG opportunities. And get the PRACTICE so you can get that lunch date when the opportunity comes your way with the right guy.

**The 3rd Easy Way to Have Fun Meeting Men...
So you're in a place with single men...now what? I want to you
to know how to Get his attention!**

The men you want – the smart, confident, interesting guys – they think a confident woman is HOT!

So Showing up with confidence often means making the first move.

I have a question from someone about making the 1ST MOVE. Here it is: *The issue that may be most confusing for me is the issue of women making the first move, you say to do it to get grown up men, whereas other dating experts (for those likely under 40 perhaps), say guys are hunters and need the chase. But even you say not to send the text/make the call, let him do it. I'd like more direction here.*

Good question! Not 100% true for all guys, but most men do want to make the first move. But there are many many ‘moves’ when you're dating and courting! The men we love, love confident women. But the confidence I’m talking about is a feminine confidence. I talk about this a lot in Step 1 of my 6 Step System: that means being friendly, kind, comfortable with yourself as a fabulous, desirable woman. Not asking him out. I believe that’s still primarily his ‘job’... difference between asking him out and showing interest. I’m going to show you exactly how to show interest, but let him still take the lead.

Now let’s talk about that. How do you attract and connect with a man?

Pretty simple really: #4 First, Engage Him !

Remember I talked about how easy it is to talk to women? Well, he’s human...just happens to be a man. It’s not that different!

The difference is really more in your head than in reality.

1. Smile and say "hi" or ask a simple question. What do you order here? Are you going hot or cold today? Do you have any idea how to pick a good mango?
2. Be authentic, but put your best foot forward.
3. Keep eye contact and smile.
4. Find something you have in common and talk about it.
5. Show soft confidence and help him get to know you by sharing about yourself. (NUGGETS)
6. Use body language: make eye contact...then look down and then up. Be open: arms. Stand with feet parallel. Sitting: Cross your leg and shake your foot. Cross legs to create an opening not a boundary. Don't put something between you on table.

And remember: Talk to any guy, but **especially**: anyone who talks to you/Shows interest no matter how old, what he looks like or if he has a ring on his finger. Talk to men who are Open and aware/engaged (rather than focused).

Anyone...for practice. (have i mentioned that?) :)

Let me stop for a minute: Are you feeling nervous about this? Listen: Yes, I'm giving you some he may know you're interested...so what and what's the worst that can happen? And if you don't start doing

this...you'll be in same place. Being comfortable with doing this helps you big time on dates! You can see that right?

I want to read you an email I received from Terri: “Thanks to you I’ve been tapping into my feminine energy and men are LOOKING AT ME! I’m now open to random conversations. I smile. I feel kinder and lighter. On the bus a guy complemented my hair. I thanked him, trying not to blush. (I’m a 40 yr old blusher!) Then, with my newly learned feminine energy and courage, I sweetly wished him a pleasant day. He thanked me and told me I was beautiful. ME! All because I changed the energy I put out there! Who knew?!? It’s so Fun!

New experiences create new truth! I promise that when you start talking more to men — even just smiling at them — your whole experience with them will change! They will be open and friendly. you will see how it makes them feel good. You will start experiencing your feminine power! Just like Terri did.

**And the #5 easy way to have fun meeting men:
Get him to Ask You Out (Closing the Deal)**

I know. This sounds really hard, Maybe scary. But again, it’s not that different. Trust me...Its just about being willing to put yourself out...just a little bit.

You need to show him attention and flirt just a little...and always like a grownup.

1. Show interest in his interests. Find out what his likes and dislikes are and try to steer the conversation in that direction. Don't pretend to be a fan of something just because you think it'll make him like you better. At the same time, don't shoot down [his interests](#) by saying something like "I HATE sports." Seem genuinely interested and listen to what he has to say. And if you really hate something he likes, try to show humor and confidence by playfully but respectfully showing your difference.
2. Listen, but not too much. Again, help him get to know you. Even if you only have 8 minutes to talk to a guy, you can drop some nice nuggets in that amount of time. So be sure to talk about yourself but not in a "me-too" or "one-up" kind of way. Let him have his moment if he grabs one to brag. it means he likes you and is trying to impress you - not necessarily that he's a jerk.
3. Flatter with sincerity. Flirting is really about making a man feel special - it's letting you know that you notice him. But It doesn't have to be physical. Have you ever noticed that we use **compliments** to connect with other women? "I love your purse!" "Your job sounds amazing!" "You crack me up!"

Why don't you do that with men? You can tell him he has nice eyes, and he'll appreciate it. But that won't go so far as more substantive compliments. A confident, grownup good guy needs to hear more than you think he's cute.

Once, the conversation progresses, tell him you **agree** with something he says; ask his opinion; let him suggest a book or restaurant; tell him you appreciate his jokes or that **his business sounds interesting. Tell him you want to know more about something he's interested in.**

And how about When you're online? Sincere Complimenting is powerful!. pick something that stands out to you that the other thousands of women may not. Saying you like his dog is what every woman says. Telling him you like that he volunteers is what every woman says. *I'm going to tell you a ton more about this if you chose to join me in my upcoming program.*

Instead, tell him you think it's cool that he's an engineer and ask him what he likes to create.

Tell him you like his picture, but compliment him on taking the time to post such a good picture...

Ladies this really is just being nice. And men don't compliment each other. They can only get it from us!

Another way to flirt is to laugh at his jokes...or laugh with him. Men know that women are really turned on by men who have a good sense of humor, so if you think so let him know. But don't fake it.

4. Use more body language

Twirl your hair - Make it look subconscious and playful.

Touch – below the elbow is safe. Brush your shoulder or arm against his every now and then. Actions do speak louder than words. And all this will make him realize that you are interested in him.

5. Be strategic. Notice when you will be forced to part and get in that conversation, sit in particular spot, time your exit. (again, It's ok if he knows you do.)

6. Let him know that you're available. Find a way to let him know that you are single and very much available. Try and weave it into general banter. Talk about things you do alone or with a girlfriend. "I've always wanted to go to that part of South America but I'm waiting for someone fabulous to travel with."

5. Clearly show your interest: "It was fun talking with you. It would be nice to do it again." This is how you do it without taking the lead. And then...shhh.

OK...so there you go. (Do quick review)

Does this sound scary to you? It might. It's putting yourself out there, right? Well, what's the worst that can happen? He isn't interested? Well, that can happen. And then you have a choice: you can feel rejected (by a man who hardly knows you) and let your gremlins get hold of you...OR you can feel really proud and empowered because you just helped a man feel great about himself and you've had the courage to show your confidence and your fabulousness. Just because this one guy doesn't get it, or doesn't followup with an offer, doesn't mean anything negative about you — unless you let it. It

really is YOUR choice. But when you tell ME that you've practiced this - even just one or two of the tips — but he didn't bite, I'm going to tell you Huge Congratulations! THIS is great practice and what it takes to get men's attention. And eventually, ONE will be THE man you've been dreaming about. And that will be that.

Here is an Exercise for you: I want you to clear out any fears around this right now. Write down the answers to these sentences:

1. If I try to get a man's attention or flirt a little, and he doesn't respond, what's the worst that can happen?
2. If I DON'T put myself out there and engage more with men, what's the worst that can happen?

Now here's an extra: let's talk about how to tell if He's interested. He's interested when he:

1. Smiles and makes eye contact. (Though he may look away initially if he's shy.)
2. Shows interest in things you like and do.
3. Asks you questions.
4. Acts nervous. nervous laughter, sweaty palms, deep breaths, fidgeting, or possibly even looking away quickly when you notice if he is watching you are all good signs of

an attraction towards you and that he is nervous about making an impression on someone he likes.

5. Tries to impress you. (Talks about himself a lot – don't judge too harshly.)
6. Checks your response to his jokes or opinions. When he's around you and he says/does something funny and everyone around laughs, his eyes will flicker towards you for a second to see if you laughed, too.
7. Touches you. Lower back and thighs means he's hot for you.
8. Asks for your contact information. (As opposed to him giving you his.)

It is the woman who chooses the man who will choose her.

~~ Paul Gerald

Bobbi's Tips:

1. Give him time to shift attention if needed.
2. Don't travel in packs.
3. Be willing to approach men who are different than your usual type.

4. If he shows interest, give him more attention and interest.
You're half way there!
 5. Learn from every experience – about men and about yourself.
 6. Be kind. To him and to yourself. He may not be your prince but he's someone's. At minimum you'll help him feel good about himself and you about yourself for trying.

Master Class Offer

We only had a short time together ...And there is so much I want you to know that I threw a lot at you in the time we had.....but I really wanted you to see tonight that there are very specific ATTITUDES, SKILLS and STRATEGIES that will guide you past the frustration and drama so you can take full advantage of the HUGE OPPORTUNITY that you have right in front of you to MEET and CONNECT WITH GOOD SINGLE MEN who are looking for the same thing as you.

I know you want to find THE ONE, and you know that the first step is MEETING MEN.

I just love teaching you and helping you see how much POWER you have over this part of your life. Did you know in my former life I spent 20+ years as an adult educator? I was a corporate trainer. While my subject matter over the years was far less personally satisfying than what I'm doing today, I always had a passion for teaching.

Which is what I'm going to be doing big time starting September 22 with my Date Like a Grownup Master Class. I've gotten so many requests for private coaching and, unfortunately, I'm not taking on any new clients through the end of this year. But I want to give you the tools tips and techniques I KNOW will help you find love.

So I took 2 of my really popular and powerful self guided programs and combined them, along with a handful of other juicy products, into my Master Class. In addition, I know that you need accountability and personal support from me, so I am carving out 6 hours to give you live group coaching during the course of this class.

I know what it's like to either not be meeting any men ..**or** to be dating and feel that humiliation I used to feel, or like you're flailing away....trying so hard but not sure of what you're doing wrong! It's exhausting!

I also know what it's like to be meeting and dating men and feel **confident, HOPEFUL, COMPETENT...and like I am no one's victim....I'm in charge and doing the choosing.**

I want that for you.

What I have to teach you in this course can definitely lead you to a really GOOD man who is looking for the same things in life as you are. Like it did me and countless clients of mine.

Let me give you the details.

This is a 9-week program that includes self-paced recorded instruction from me AND 4 live question and answer sessions so many of you can get some laser coaching = a total of **6 hours**. And if you can't make it all live, you will have replays. Forever.

We start Tuesday – September 22...I'm going to be supporting you right up until the holidays.

I'm going to teach you the very best, most effective information that I have learned, developed and collected over the course of my single life AND career as a dating and relationship coach...about all aspects of online dating, and dating in a way that leads you to love. What I'm teaching you has been tested and proven by me and countless very happy women before you.

And what I'm going to teach you is specifically designed and created for women in their 40s, 50s, 60s and beyond. We have some unique challenges and we want to meet GROWNUP men. What you need to know and be able to do is different than what a 20 or 30 year old needs to know and be able to do. And how you FEEL about yourself and about men could be very different too. I **know** that, and honor that distinction.

No matter where you are in your dating journey, this course will get you off the dime and off to a **positive, productive, safe** start. If you're not online or not dating at all right now this course gives you a step-by-step road map to get you started.

If you are online and dating, taking this course will **decrease** the time you spend spinning your wheels questioning yourself at every move, **decrease** your time settling for dates with the wrong men, **decrease** your frustration with not meeting anyone, **diminish** the feelings of hopelessness, invisibility and fear of....well, all kinds of things....and increase your **ability** to meet and connect with more men...good men who are out there making the effort to eventually meet a good woman...like **you**.

And, remember, you will have all of this information FOREVER. It will be there for you whenever you need it along your journey.

Here is what you are going to learn in Date Like a Grownup Master Class:

During the first half of your Master Class program you will learn to use online dating to create opportunities to meet good men.

During 4 pre-recorded webinars like this one,

Your investment for this program is \$497 . And when you enroll I give you the option of breaking it up into two payments of \$279

(SAY URL)

Again, you'll be with me for nine weeks – right up until the holidays - learning and doing the same things that I and so many of my clients have done that resulted in us meeting our wonderful men.

You will be able to get some focused coaching by asking about your personal situation during the live Q&A sessions AND – what I hear from the women who take my course -- you'll get the incredible benefit of hearing from OTHER women. You'll learn very quickly that you're not alone. And they will share many of your challenges.

So, yes, there is an investment here. Most great things in life do require an investment of time and resources. My private clients pay thousands of dollars to get my training and support. But I wanted to make this available to as many women as possible.

And listen, I'm going to make it more than worth your while by adding several other bonuses that will support and compliment all you are learning. I don't have time tonight to give you the whole list of freebies. Let me just tell you about one of the juiciest ones:

My What's Wrong With Men? 40 minute multi-media presentation.
You will learn the skills and scripts you need to take the guesswork out of getting men to hear and understand you.

The details of this and all the other bonuses are on the program page

And we will still be friends.

And if that is all not enough to get you clicking right now, I'm going to up the ante for anyone who signs up within the next hour. GGNO is my monthly coaching broadcast where I give grownup, real-life advice, support and community to my GGNO members. Even though I get lots of women asking me, I've never made archived sessions available-until now. If you sign up for Master Class within the next hour you are going to get 5 hours of coaching on topics such as:

Once you are dating someone you really like How you can Keep Him showing Up and Stepping Up,

12 Ways you are avoiding falling in love (that one gets deep),

and how to tell him the Not so Great Stuff about your life in a way that won't have him running for the hills.

(Don't forget to say URL)

I get emails all the time asking for private and group coaching sessions. Again, I'm not accepting any more private clients through at least the end of the year, so if you want this information and to jumpstart your love life before the holidays set in, here is your chance.....

ALL ENROLLMENT ENDS September 18th!

Thank you so much for being here tonight. I look forward to supporting you further. Be good to yourself! 😊
